**End Application:**

An/alr-56 arwr

**Input Voltage Rating:**

135.0 dc pounds per hour wet 1st alternate operating power rqmt15.0 dc pounds per hour wet 2nd alternate operating power rqmt

**Output Voltage Rating:**

5.0 dc volts single power output

**Criticality Code Justification:**

Feat

**Input Connection Type:**

Connector, plug 1st alternate operating power rqmtconnector, plug 2nd alternate operating power rqmt

**Input Connection Quantity:**

1 1st alternate operating power rqmt1 2nd alternate operating power rqmt

**Ventilation Design Type:**

Integral blower

**Special Features:**

Electrostatic sensitive device; also has overload protection; power supply has a operating life of 20, 000 hours

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
