Occasional II assembly
Overall Length:
15.500 inches
Overall Width:
13.000 inches
Overall Diameter:
5.250 inches
Input Voltage Rating:
90.0 ac pounds per hour dry single operating power rqmt and 132.0 ac pounds per hour with retaining chain single operating power rqmt
Input Frequency Rating:
47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt
Output Wattage Rating:
85.0 watts single power output
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A39900
