Overall Length:

5.500 inches

Overall Height:

3.630 inches

Overall Width:

5.500 inches

End Application:

Intruder ea-6a aircraft

Input Phase:

Single single operating power rqmt

Input Voltage Rating:

115.0 ac pounds per hour wet single operating power rqmt

Output Voltage Rating:

15.0 dc volts single power output

Input Frequency Rating:

400.0 hertz single operating power rqmt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
