Major Components:

Resistor 48

Special Features:

165 kw; 10 freq; 1000 he redline at 1200 he

Functional Description:

Similar to transformer, power to higher voltage and kilowatts

Type/model Designation:

Vip power-trak

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
