### Electrical Power Source Relationship:

Operating

#### Input Voltage Rating:

90.0 ac pounds per hour dry single operating power rqmt and 135.0 ac pounds per hour with retaining chain single operating power rqmt

#### **Output Voltage Rating:**

5.0 dc volts single power output

#### Input Frequency Rating:

47.0 hertz single operating power rqmt and 420.0 hertz single operating power rqmt

#### **Output Wattage Rating:**

300.0 watts single power output

Shelf Life:

N/a

Unit Of Measure:

#### Demilitarization:

No
