**Overall Length:**

11.520 inches

**End Application:**

Digital test subsystem an/usm-649

**Electrical Power Source Relationship:**

Operating

**Input Voltage Rating:**

110.0 ac pounds per hour dry single operating power rqmt and 220.0 ac pounds per hour with retaining chain single operating power rqmt

**Special Features:**

350 to 1200 watt single or multiple output switcher

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
