Overall Length:

11.520 inches

End Application:

Digital test subsystem an/usm-649

Electrical Power Source Relationship:

Operating

Input Voltage Rating:

110.0 ac pounds per hour dry single operating power rqmt and 220.0 ac pounds per hour with retaining chain single operating power rqmt

Special Features:

350 to 1200 watt single or multiple output switcher

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
