Overall Length:
11.520 inches
End Application:
Digital test subsystem an/usm-649
Electrical Power Source Relationship:
Operating
Input Voltage Rating:
110.0 ac pounds per hour dry single operating power rqmt and 220.0 ac pounds per hour with retaining chain single operating power rqmt
Special Features:
350 to 1200 watt single or multiple output switcher
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A39900
