Ac Voltage Rating:

200.0 volts 2nd alternate operating power rqmt and 240.0 volts 2nd alternate operating power rqmt

End Application:

Gcontrol system, sysmac c200h

Special Features:

Hprovides an auxilliary power sources for two sysmac link fiber-optic modules; provides pass-through communication for added reliability; ready-made cables for easy connection to the sysmac link modules

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
