Overall Length:

16.000 inches

Overall Height:

3.250 inches

Overall Width:

13.250 inches

Input Voltage Rating:

120.0 ac pounds per hour wet single operating power rqmt

Input Frequency Rating:

60.0 hertz single operating power rqmt

Output Wattage Rating:

400.0 watts single power output

Output Waveform And Current Type:

Full wave rectified sine wave ac single power output

Special Features:

Zero transfer time; 386/486 w/vga monitor; ps/2-70 lan file server; lan workstation; sparcs station application; capaci type 600 va; 400 watt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
