Power Supply - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6130-01-420-2420

### End Application:

Srsrc004 lantirn

#### **Electrical Power Source Relationship:**

Operating

## Input Voltage Rating:

105.0 ac pounds per hour dry single operating power rqmt and 230.0 ac pounds per hour with retaining chain single operating power rqmt

### Output Voltage Rating:

500.0 dc volts single power output

#### Input Frequency Rating:

47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

#### Shelf Life:

N/a

## Unit Of Measure:

Demilitarization:

No
