Overall Length:

16.200 inches

Overall Height:

3.700 inches

Overall Width:

16.200 inches

Overall Diameter:

7.700 inches

Major Components:

Charger, discharger, analyzer and conditioner

Joint Electronics Type Designation System Item Name:

Battery maintenance system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T01200
