Overall Length:

7.200 inches

Overall Width:

6.200 inches

End Application:

C-17 sfdr

Electrical Power Source Relationship:

Operating

Output Voltage Rating:

5.0 dc volts 4th power output

Criticality Code Justification:

Feat

Product Name:

Power supply assembly

Special Features:

Electrostatic discharge sensitive; isrc output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
