End Application:

Srsrc004 lantirn

Electrical Power Source Relationship:

Operating

Input Voltage Rating:

105.0 ac pounds per hour wet single operating power rqmt and 230.0 ac pounds per hour dry single operating power rqmt

Output Voltage Rating:

500.0 dc volts single power output

Input Frequency Rating:

47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

Special Features:

Modification for open sense wiresby diodes between plus output and sense

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
