Inclosure Material:

Aluminum

Overall Height:

10.250 inches

Overall Width:

6.250 inches

Ac Voltage Rating:

115.0 volts

Dc Voltage Rating:

32.0 volts

Regulation Type:

Multiple stages

End Application:

Hh65 coast guard helicopter

Inclosure Type:

Case

Charger Type:

Solid state semiconductor

Charging Voltage In Volts:

32.0

Charging Current Rating In Amps:

6.000

Charging Regulation Method:

Continuous

Battery Type For Which Designed:

Nickel-cadmium

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31600
