Overall Length:

10.600 inches

Overall Height:

15.000 inches

Overall Width:

1.200 inches

Major Components:

Redundant power supply summing module 1

Special Features:

Redundant power; current sharing ac operation; network management interface; thermal rating: 109 btu/m

Functional Description:

Used as a redundant power supply summing module for the system 3000

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
