Overall Height:

421.7 millimeters

Overall Width:

57.1 millimeters

End Application:

Chassis based modular switching platform, cabletron systems inc, model smartswitch 6000 (p/n 6c205-3)

Electrical Power Source Relationship:

Operating

Installation Design:

Slot

Output Voltage Rating:

100.0 ac volts single power output and 250.0 ac volts single power output

Output Wattage Rating:

510.0 watts single power output

Special Features:

Weight 17.82 kg; supports redundancy; load sharing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
