End Application:

Compaq proliant models 1200, 1600, and 2500

Electrical Power Source Relationship:

Operating

Output Voltage Rating:

48.0 dc volts single power output

Output Wattage Rating:

224.0 watts single power output

Product Name:

Hot plug redundant power supply

Special Features:

Redundant dc power supply allows you to take out power supply and replace with another without shutting down system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
