Overall Length:

15.000 inches

Overall Width:

22.500 inches

Input Voltage Rating:

48.0 dc pounds per hour wet single operating power rqmt

Output Voltage Rating:

120.0 ac volts single power output

Operating Ambient Temperature Range:

+32.0/+104.0 degrees fahrenheit

Battery Location:

Internal

Product Name:

Inverter, 48vdc/120vac/60hz

Special Features:

Backlit display; indoor, ventilated, steel chassis with powdercoat finish; 9 inches deep, wall mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
