End Application:

Tornado nose radar

Electrical Power Source Relationship:

Self-contained

Output Voltage Rating:

28.0 dc volts single power output

Special Features:

Input volts, 115-230, frequency 47, hertz 440, temp ranges 0 to 50 degrees celsius, single phase and length is 7.03 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
