Overall Height:

15.000 inches

Overall Width:

13.000 inches

Input Frequency Rating:

50.0 hertz single operating power rqmt and 60.0 hertz single operating power rqmt

Battery Feature And Type:

Rechargeable lead acid cell

Battery Recovery Time:

180.0

Special Features:

P1.500 va rated power; 980 watts output power; 230 v input power; battery backup time 22.8 minutes; replacement battery charge rbc7; operating relative humidity type 0 degrees to 95 degrees; onlinethermal dissipation 135 btu/hr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
