Ac Voltage Rating:

240.0 volts

Inclosure Type:

Case

Charger Type:

Solid state semiconductor

Charging Voltage In Volts:

240.0

Charging Regulation Method:

Continuous

Battery Type For Which Designed:

Nickel-cadmium

Special Features:

Dinternational model surgical clipper charging assembly; charger w/cord plugs into 3m model 9604 surgical clipper to recharge the batteries; unit removes head and body hair prior to surgical procedures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31600
