Overall Length:

2.760 inches

Overall Height:

8.900 inches

End Application:

F-5b aircraft simulator

Special Features:

Frequency 50 to 60 hz; 2 leakage current; 500msec start up time; forward convertor bipolar circuit type; 50 khz switching frequency; pc card, I chassis construction; steel enclosure; convection cooling; 120 watt model

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
