**Overall Length:**

2.760 inches

**Overall Height:**

8.900 inches

**End Application:**

F-5b aircraft simulator

**Special Features:**

Frequency 50 to 60 hz; 2 leakage current; 500msec start up time; forward convertor bipolar circuit type; 50 khz switching frequency; pc card, I chassis construction; steel enclosure; convection cooling; 120 watt model

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
