**End Application:**

SI2-17w-s (1ja77) , lcd monitor/keyboard

**Electrical Power Source Relationship:**

Operating

**Input Voltage Rating:**

85.0 ac pounds per hour dry single operating power rqmt and 264.0 ac pounds per hour with retaining chain single operating power rqmt

**Output Voltage Rating:**

12.0 dc volts single power output

**Input Frequency Rating:**

47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

**Output Wattage Rating:**

65.0 watts single power output

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
