End Application:
Sl2-17w-s (1ja77) , lcd monitor/keyboard
Electrical Power Source Relationship:
Operating
Input Voltage Rating:
85.0 ac pounds per hour dry single operating power rqmt and 264.0 ac pounds per hour with retaining chain single operating power rqmt
Output Voltage Rating:
12.0 dc volts single power output
Input Frequency Rating:
47.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt
Output Wattage Rating:
65.0 watts single power output
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
