End Application:

Halverson loader

Product Name:

Power supply

Special Features:

Input voltage 18v min to 36v max; output voltage 13.2v min to 13.8v max; operational temp -40 degrees to +65 degrees cel; storage temp -55 degrees to 105 degrees cel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
