End Application:
Halverson loader
Product Name:
Power supply
Special Features:
Input voltage 18v min to 36v max; output voltage 13.2v min to 13.8v max; operational temp -40 degrees to +65 degrees cel; storage temp
-55 degrees to 105 degrees cel
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
