Overall Height:

3.300 inches

Overall Width:

2.700 inches

End Application:

Wide area augmentation (waas)

Input Voltage Rating:

110.0 ac pounds per hour dry single operating power rqmt and 120.0 ac pounds per hour with retaining chain single operating power rqmt

Input Frequency Rating:

60.0 hertz single operating power rqmt

Special Features:

5 amp; power eia-530 led assemblies with input power cable; compatible with chassis pmch-1 and pmch-6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
