Overall Length:

76.750 inches

Overall Height:

1.130 inches

Overall Width:

2.370 inches

Battery Quantity:

1

End Application:

Rtt-4 integrated imager system

Input Voltage Rating:

110.0 ac pounds per hour dry single operating power rqmt and 240.0 ac pounds per hour with retaining chain single operating power rqmt

Rectification Method:

Inverter ac to dc

Battery Location:

Internal

Product Name:

Ac adapter, imager, 110-240 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
