Overall Length:
76.750 inches
Overall Height:
1.130 inches
Overall Width:
2.370 inches
Battery Quantity:
1
End Application:
Rtt-4 integrated imager system
Input Voltage Rating:
110.0 ac pounds per hour dry single operating power rqmt and 240.0 ac pounds per hour with retaining chain single operating power rqm
Rectification Method:
Inverter ac to dc
Battery Location:
Internal
Product Name:
Ac adapter, imager, 110-240 vac
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A39900
