**Overall Length:**

76.750 inches

**Overall Height:**

1.130 inches

**Overall Width:**

2.370 inches

**Battery Quantity:**

1

**End Application:**

Rtt-4 integrated imager system

**Input Voltage Rating:**

110.0 ac pounds per hour dry single operating power rqmt and 240.0 ac pounds per hour with retaining chain single operating power rqmt

**Rectification Method:**

Inverter ac to dc

**Battery Location:**

Internal

**Product Name:**

Ac adapter, imager, 110-240 vac

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
