End Application:

Frequency converter unit p/n 3bhb011788r0001

Special Features:

Power factor corrected ac-dc converter, input voltage range 85-264 vac, 2 electrically isolated and individually regulated outputs, each providing 24.7 volts, 5 amps at 230 vac input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
