Overall Length:

14.000 inches

Overall Width:

4.500 inches

End Application:

Alofts sonar system, model 980 (v1)

Electrical Power Source Relationship:

Operating

Output Voltage Rating:

15.0 dc volts single power output

Product Name:

Low voltage power supply

Special Features:

Supplies power for fan and amplifier

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
