Overall Length:

29.000 inches

Overall Height:

37.000 inches

Overall Width:

19.000 inches

Battery Quantity:

2

Electrical Power Source Relationship:

Alternate operating

Input Voltage Rating:

208.0 ac pounds per hour wet single operating power rqmt

Output Voltage Rating:

120.0 ac volts single power output

Input Frequency Rating:

45.0 hertz single operating power rqmt and 63.0 hertz single operating power rqmt

Battery Feature And Type:

Rechargeable lead acid cell

Battery Location:

Internal

Battery Recovery Time:

5.9

Special Features:

Color: black/silver; op temp 0 to 40 degrees c; multifunctional lcd control console/audible alarm; apc symmetra lx8kva scalable to 16ka tower; rs-232/db-9 interface; extended runtime; 1 smart slot; output power capaci type 6400 watt/8000 va; maximum power config 12800 watt/16000 va; output frequency 47/63 hz; 2 lead acid battery; includes cd/software; installation guide; user manual; snmp card

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
