**Output Voltage Rating:**

28.0 dc volts single power output

**Product Name:**

Dc converter

**Special Features:**

Up to 600 watts output power capability; input surge/transient protection up to 600 v; no load required; operating temperature -40/+85 degrees c; waterproof

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A39900
