Output Voltage Rating:

28.0 dc volts single power output

Product Name:

Dc converter

Special Features:

Up to 600 watts output power capability; input surge/transient protection up to 600 v; no load required; operating temperature -40/+85 degrees c; waterproof

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
