**Overall Length:**

17.600 inches

**Overall Height:**

5.200 inches

**Overall Width:**

27.200 inches

**Installation Design:**

Rack

**Product Name:**

Redundant power enclosure

**Special Features:**

3 phase; 3u rack mounted includes 6 power supplies; output voltage minus 48.8 to minus 54 v; power provided 8.31kw; input range 200-240 vac; power nema l15-30 input connector

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
