Overall Length:

17.600 inches

Overall Height:

5.200 inches

Overall Width:

27.200 inches

Installation Design:

Rack

Product Name:

Redundant power enclosure

Special Features:

3 phase; 3u rack mounted includes 6 power supplies; output voltage minus 48.8 to minus 54 v; power provided 8.31kw; input range 200-240 vac; power nema l15-30 input connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
