Overall Length:

90.000 inches

Overall Width:

72.000 inches

End Application:

Actuator-sensor interface

Output Voltage Rating:

24.0 dc volts single power output

Output Current Rating:

120.0 ac volt-ampere single power output and 230.0 ac volt-ampere single power output

Special Features:

Logo power 1.3a; power supply for converting the supply voltage 120/230v ac to 24v dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
