End Application:

General purpose elec. Test equipment (gpete)

Power Supply Output Voltage Rating:

7.2 volts single power output

Battery Feature And Type:

Rechargeable lithium

Battery Location:

Internal

Battery Recovery Time:

124.0

Product Name:

Nimh battery pack

Special Features:

8-10 hours battery life; material of battery pack is nimh

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
