End Application:

123737-00 (65685) , server, proliant 1600 6/550-1

Output Voltage Rating:

110.0 ac volts single power output and 115.0 ac volts single power output

Output Wattage Rating:

400.0 watts single power output

Ventilation Design Type:

Single fan

Product Name:

Inavy: hot plug pwr sup-re

Special Features:

Redundant; auto-switching; with active internal fan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
