Overall Length:

9.250 inches

Overall Height:

5.550 inches

Overall Width:

1.500 inches

End Application:

Vixs, ship

Output Voltage Rating:

12.0 dc volts single power output

Output Current Rating:

110.0 ac volt-ampere single power output

Product Name:

Amx power supply

Special Features:

Switching regulated overload protected, ac power input, 110 vac, ul/csa recognized, metal inclosure with black matt finish, diminsions 1.50x5.55x9.25, weitht: 1.85lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
