Overall Length:

12.220 inches

Overall Height:

1.750 inches

Overall Width:

6.000 inches

Input Voltage Rating:

85.0 ac pounds per hour dry single operating power rqmt and 264.0 ac pounds per hour with retaining chain single operating power rqmt

Output Voltage Rating:

15.0 ac volts single power output

Input Frequency Rating:

47.0 hertz single operating power rqmt and 500.0 hertz single operating power rqmt

Output Wattage Rating:

25.0 watts single power output

Output Current Rating:

1.7 ac amperes single power output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
