End Application:

Panel, control a/c

Input Voltage Rating:

24.0 ac pounds per hour wet single operating power rqmt

Output Voltage Rating:

16.0 dc volts single power output

Product Name:

Controller, base

Special Features:

Export controlled drawing; screw terminal connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
