Overall Length:
2.600 inches
Overall Height:
4.250 inches
Overall Width:
3.500 inches
End Application:
4940-01-551-9685, shop equipment, general purpose, common 10
Product Name:
Makita compatible milcrew battery adapter
Special Features:
Allows the milcrew charging system, part nbr 10c 10c-ac06, to charge the 12 to 18v makita post style batteries; lightweight; used with nickel
cadmium and nickel metal hydride makita and makita compatible batteries all on the same platform; auto configuration for different voltage
adn chemistry batteries; has molded in finger grips; builit in spring loaded latching mechanism; contains intelligence that interfaces with the
charging system
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
