Output Control Type:

Voltage adjustment single power output

Output Current Rating:

1500.0 ac amperes single power output

Output Control Location:

Rear panel single power output

Battery Location:

Internal

Special Features:

8 battery outlets; 1000 joules of surge suppression; no fan; snmp, usb, and serial communication options; dual form factor (horizontal/vertical); auto-voltage regulator; charcoal grey in color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
