Overall Length:

13.529 inches

Overall Width:

5.000 inches

End Application:

Tiger simulator helicopter

Output Voltage Rating:

24.0 ac volts single power output

Output Wattage Rating:

150.0 watts single power output

Output Current Rating:

6.5 ac amperes single power output

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
