Overall Length:

23.700 inches

Overall Height:

10.500 inches

Overall Width:

19.000 inches

Input Voltage Rating:

400.0 ac volts single operating power rqmt

Output Voltage Rating:

4.5 ac kilovolts single power output

Product Name:

Ls series power systems, ac power source/analyzer

Special Features:

Gpib interface and ape programming language. Rackmount slides

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
