**Overall Length:**

9.187 inches

**Overall Height:**

1.560 inches

**Overall Width:**

6.086 inches

**End Application:**

B-1b aircraft

**Features Provided:**

Over current protector and over temperature protection and over voltage protector

**Special Features:**

Name on dwg-digital power supply; overload protection; weight-not to exceed 6 lb; esd; emi; operating power requirements-115/200v, 400 hz, 3 phase, lagging power factor, 100v-amps per phase; cooling-guide ribs on sides

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
